Service: Assembly instructions and information for users are included in delivery. Instruction for use, as well as the service code number (for technical questions or complaints) are to be found on the underside of the table top.

Warranty claim: 2 years (according to legal regulations).

Security advice: The table tennis table has to be placed on level ground and should be secured against rolling away or tipping over.

Field of use

Indoors. The perfect training table. In playback-position for sole training, too.

Tabletop

** Chipboard 22mm, coated several times with special coating, green or blue, more stability through a metal frame A 60mm.

Net set

Classic (ITTF-approved), net black. Height adjustable with adjusting screw, with stretching cord.

Locking system

Handle system. Metal handle underneath the tabletop unlocks both of the safety devices simultaneously. Simple and automatic click-mechanism in storage and playing position of the table.

Undercarriage

Square-profile 30 x 30mm/40 x 40mm, light grey, powder-coated.

Wheels

4 wheels Ø 125mm with rubber tread each tabletop, all wheels are manoeuvrable, 2 of them are lockable.

Special features

Balance of different standing positions and unevenness up to 30mm through height adjustment on the outer legs. When placing the table in storage position, several tables can be placed into each other. High stability through tabletop connector.

Assembly video

Practical supplement to the assembly instruction. Step by step to the finished table tennis table - clearly explained in the video. Available via QR code. [Link: http://youtu.be/-S_SwBDStII](http://youtu.be/-S_SwBDStII)
